# STATISTICS CANADA PUBLICATIONS ON MICROFICHE 1850 TO 1980

FROM MICROMEDIA LIMITED

STATISTICS CANADA PUBLICATIONS ON MICROFICHE  
COMPLETE COLLECTION 1850-1980

INTRODUCTION

Micromedia Limited is pleased to publish this user's guide to the "Statistics Canada Publications on Microfiche" collection.

This guide was compiled from the holdings lists of the microfiche collection following the completion of an eight year filming project. Therefore the listings under each title reflect all available microfiche for that particular title. Notes are entered where items are missing from the collection. Micromedia will continue to search for missing items in order to improve this important historical collection of statistical information. We welcome communications and assistance from interested libraries. Please use the Reply Form located at the end of the book to notify us of items your library might provide for filming.

The titles and publication information shown for each title was derived from the English and French editions of the "Historical Catalogue of Statistics Canada Publications 1918-1980". Users will notice differences between the publication listings and actual microfiche holdings. In order to preserve the integrity of the publication notes in relation to the official Statistics Canada publications, we have not altered these notes.

Micromedia wishes to acknowledge the assistance of the staff at the Statistics Canada Library, under the direction of Georgia Ellis and Peter Faulkner, without whom this project could not have been completed.
